

Elevate Super is closing and members will be moved to iQ Super – For Life by Russell Investments (iQ Super)

This Significant Event Notice (**SEN**) dated 17 March 2023 provides important information about the upcoming transfer of members' accounts from Elevate Super (part of the Aracon Superannuation Fund) to iQ Super (part of the Russell Investments Master Trust (**RIMT**)) ABN 89 384 753 567, on or around 21 April 2023.

If you have any questions about these changes prior to the transfer, you can contact Elevate Super on 1800 875 148 or email hello@elevatesuper.com.au. If you have any questions about your superannuation after the transfer you can contact iQ Super on 1800 555 667 or email iq@russellinvestments.com.au.

This SEN has been issued by Equity Trustees Superannuation Limited (ABN 50 055 641 757, AFS Licence Number 229757 RSE Licence Number L0001458) (**ETSL**) as Trustee of the Aracon Superannuation Fund (ABN 40 586 548 205).

For more information about the arrangements that will be applicable to you on transfer to the iQ Super, please refer to the iQ Super - For Life by Russell Investments Product Disclosure Statements (**PDS**) issued by Total Risk Management Pty Ltd ABN 62 008 644 353, AFSL 238790, available from russellinvestments.com.au/iqsuperforlifepds and also consider the Target Market Determination for the product available at russellinvestments.com/au/disclosures/ddoreporting

Why are you receiving this SEN?

Following a review of Elevate Super, ETSL has decided to transfer your account in Elevate Super to iQ Super via a 'Successor Fund Transfer' (**SFT**).

This transfer is part of a broader consolidation being conducted by ETSL that will see all members in the Aracon Superannuation Fund (including members of Elevate Super) being moved to other arrangements before the Aracon Superannuation Fund is wound up. ETSL has decided to adopt this course because it considers it is in the best interest of all members.

A SFT involves the transfer of a member's benefits from one superannuation fund to another superannuation fund (**the successor fund**) where the consent of the individual member isn't required. To effect such a transfer, the trustees of both funds need to agree that the successor fund will provide rights in respect of the transferred benefits in iQ Super that will be equivalent to the rights that the members have in respect of those benefits in Elevate Super immediately before the transfer.

ETSL must also satisfy itself that the transfer is in the best financial interests of Elevate Super members.

In making this decision, ETSL has considered the lower overall ongoing annual fees and costs, more diversified investment choice and the broader product features of iQ Super and as part of a much larger super fund (the RIMT has over \$9 billion in assets as at 30 June 2022), iQ Super may also be able to access greater economies of scale.

Subject to the completion of due diligence, ETSL have made a decision that:

- RIMT will qualify as a “successor fund” to the Aracon Superannuation Fund for Elevate Super members,
- the transfer to iQ Super in the RIMT is in the best financial interest of Elevate Super members, and
- the transfer will occur on or around 21 April 2023.

You will receive another communication if the transfer does not proceed for any reason.

If you do not wish to be transferred to iQ Super, you can choose to rollover or transfer to another super fund of your choice, but we must receive your instructions **before 5pm (AEST time) 3 April 2023**. Further details on how to do this are outlined later in this notice.

Summary of changes

- Your Elevate Super account will be closed, and a new account will be opened for you in iQ Super, effective from the SFT date.
- As part of the preparation required before the transfer, there will be a temporary:
 - freeze on transactions and changes on your existing Elevate Super account;
 - change to the underlying investment allocation of the investment option(s) you hold in Elevate Super.
- After the transfer process is complete, you will receive a welcome letter from RIMT that will include:
 - your new iQ Super member number
 - details of how to log onto the iQ Super online website
 - information on how you and your employer can make contributions to your iQ Super account (you will need to notify your employer of iQ Super’s details).
- Your iQ Super account will have different characteristics. In summary, the investments you hold and the fees and costs you pay will change following your transfer to iQ Super. If you have insurance cover, the amount of cover, insurance fees, and some terms and conditions will also change.

For more information about the temporary transaction freeze and other changes that will occur in the lead up to, and as a consequence of the, SFT to the RIMT, which is expected to occur on or around 21 April 2023 (**SFT date**), see below.

| Temporary Investment Freeze | <p>A freeze period (also known as a 'black out period') will apply to the Elevate Super investment options from 5pm (AEST), 3 April 2023 to 20 April 2023 (or the SFT date) inclusive.</p> <p>During this black-out period, contributions made prior to 5pm (AEST), 3 April will remain invested in your chosen Elevate Super investment option(s), the asset allocation of the investment option(s) will temporarily change to reach a 100% cash allocation during the black-out period. This is because the underlying investments which are currently predominately invested in equities and fixed interest will be progressively sold down for cash. This sell down will enable the proceeds to be transferred to iQ Super, where it will then be invested into the Balanced Growth or Growth investment options effective from the SFT date (depending on your Elevate Super investment option(s) immediately before the SFT).</p> <p>As a result of this sell down, your Elevate Super investment performance will be based on the market returns from cash, and not the equities and fixed interest markets. This may have a positive or negative impact on your investment returns which will depend upon the movement of investment markets during this period.</p> | | | | | | | | | | | | | | |
| Sustainable Investing | <p>Elevate Super's investment portfolio includes a focus on sustainable investing. iQ Super also has regard to sustainable investing. What 'sustainable investing' means in each of these superannuation products is different and depends on goals, policies and procedures established by ETSL and its service providers (in the case of ETSL) and Russell Investments (and others) in the case of iQ Super. - b. Has worked for an average of at least 15 hours per week within the 6 months prior to the Date of Disablement,

The insured person is unable to do any work as a result of Injury or Illness for 3 consecutive months and in the insurer's opinion at the end of that 3 months the insured person continues to be so disabled as the result of their ill-health (whether physical or mental) that they are in the insurer's opinion unable to resume their previous occupation at any time in the future and will be unlikely ever at any time in the future to engage in Gainful Employment for which they are reasonably suited by education, training or experience.

The insured person suffers the total, permanent and irrecoverable Loss of Use Of:

Loss Of Use Of means:

- a. The permanent loss of sight, whether aided or unaided due to Injury or Illness to the extent that the visual acuity is 6/60 or less in both eyes, or to the extent that visual field is reduced to 20 degrees or less of arc, as certified by an ophthalmologist, or
- b. The loss of the use of a leg from at or above the ankle, or an arm from at or above the wrist, which is permanent.

Part 3 – Everyday Work Activities

- c. They are unlikely to ever again be able to perform at least 2 of the Everyday Work Activities without assistance from another adult, and
- d. They must be disabled to such an extent as a result of that Injury or Illness that in the insurer's opinion they are unlikely ever at any time in the future to engage in any Gainful Employment for which they are reasonably suited by education, training or experience.

Gainful Employment means employed or self-employed for gain or reward in any business, trade, profession, vocation, calling, occupation or employment at the time the insurer assesses the claim and includes part-time occupations, an occupation which may be perceived by the person to be of lower status than the person's previous occupation or an occupation in which the person does not earn as much income as they did in their previous occupation and taking into account any reasonable retraining they have undertaken or have a capacity to undertake in the future at the time of final assessment of their claim.
